

Mustang Memo

Building a Better World One Student at a Time!

September 15th, 2016

HAPPY BIRTHDAY- *Karona Kersey!*

On this day in 1858:

On this day in 1858, Overland Mail Company sent out its first two stages, inaugurating government mail service between the eastern and western regions of our nation.

With California booming, thanks to the 1849 Gold Rush, Americans east and west had been clamoring for faster and surer transcontinental mail service, in March 1857, the U.S. Congress passed an act authorizing mail delivery service and a \$600,000 yearly subsidy for whatever company could succeed in reliably transporting the mail twice a week from St. Louis to San Francisco in less than 25 days. The postmaster general awarded the first government contract and subsidy to the Overland Mail Company, they \$1 million improving its winding 2,800-mile route and building stations at 10-15 mile intervals. Teams of thundering horses soon raced across the wide open spaces of the West, pulling custom-built Concord coaches with seats for nine passengers and storage in the back for the mail.

TEACHERS ANNOUNCEMENTS
Hollingsworth - All day
- AM Only

Courtesy fund: Please turn your dues into Sue!

If you have questions please see Sue in Title Reading, Jane in 3rd grade, or Jenn in the office.

School is in full swing! Please take time to remind your students that they need to go to recess or breakfast when they arrive in the morning.

Students should not be in the building until the bell rings at 8:15.
